

Meghan Quinn Appointed as Executive Director of The Teton Village Association and Teton Village Resort District

The Boards of the Teton Village Association and Teton Village Resort District are pleased to announce the appointment of Meghan Quinn to the role of Executive Director.

In this role Meghan will serve both organizations in leading District improvements, supporting the Boards in the development of strategy, creating and administering budgets, sourcing funding and directing all infrastructure developments that will enhance Teton Village parking and transportation initiatives in addition to other responsibilities.

A long-term resident of the valley, Meghan has enjoyed a career as an entrepreneur, strategic consultant and executive leader with a passion for conservation. The valuable experience she gained in her most recent role as Executive Director of Protect our Waters JH will translate well to the needs of the TVA and TVRD as the organizations look to the future development of a robust Village. As a START Board member she has been close to our community's transportation challenges and she will be responsible for implementing strategies to resolve these and improve overall transportation and parking issues.

Meghan will be located at the Teton Village District Offices when she starts her new role on May 20th . Please join us in congratulating Meghan on her new role.
